Fly Back From Cabo Option
Limited Load – only 23 anglers

"This is a great trip limited to only 23 anglers which gives everyone a plenty of room. In 2008, we fished the Hurricane Bank and caught a lot of WAHOO along with trophy size tuna! We also fished the BUFFER ZONE at the legendary REVILLAGEGEDO ISLANDS, where we found some huge tuna up to 245 lb. We have the option to fly back from Cabo and avoid the long ride back, which also means a day in Cabo San Lucas." – "Big Tuna Bill" Ghiselin
